

>>Entry Name: **Thyroglobulin**, INN, USAN
Synonym(s): Proloid. Thyractin. Thyroprotein

CAS Registry Number: 9010-34-8

Biological Source: Obt. from thyroid glands of *Sus scrofa* (hog). Contains >0.7% total iodine

Use/Importance: Thyroid hormone

Physical Description: Tan powder

Fluka: 89387

Sigma: T1126
